## 1928 PRICE LIST OF STANDARD AND RARE GLADIOLUS

The Gladiolus stands at the top of the list as the very best summer cut flower for most every occasion. It is tall, stately, yet graceful, and comes in all colors (except blue), from pure white to blood red, with all shades and color combinations imaginable, and will keep a week to ten days after cutting. It is easily grown in any good garden soil that is not too shady. They love sunshine and can stand a lot of dry weather. Plant some bulbs every two or three weeks from latter April to latter June, and you will have blooms continuously from mid-July to mid-October. Dig bulbs in latter October and store in frost-proof cellar.

- A. B. KUNDERD. (K) Ruffled cream and pink. M. 7c.  
 ADORATION. (K) Large Lincoln red. L. 10c.  
 ALBANIA. (Kemp) Wide open pure white. L. 6c, doz. 60c; M. 4c, doz. 40c, 100 \$2.00.

#### MOTHER'S DAY COLLECTION.

A splendid collection of 36 bulbs (1 in. or larger). 3 each of 12 fine cutflower varieties, not labeled, but postpaid anywhere for \$1.00. You may place your order to be mailed just before Mother's Day if you wish, as that is a fine time to plant glads anyway.

### WONDER COLLECTION \$2.00.

120 fine blooming bulbs No. 4 for only \$2.00, separately labeled and postpaid. 12 each of the following high-class glads: Albania, B. L. Smith, Dorothy Wheeler, Glendale, Gold, Jewel, Mrs. F. C. Peters, Mrs. H. E. Bothin, Richard Diener, Rose Ash. Everyone will bloom this year and make a fine large bulb for next year. We know these 10 dozen fine glads would cost you over \$3.00 (unless bought in a collection) from any reliable grower in the U. S. Our previous wonder collections have pleased lots of our customers and we know this is the best one we have ever offered.

### IDEAL COLLECTION \$2.50

This collection consists of 100 bulbs 1 in. or larger and is guaranteed to contain not less than 20 varieties. All are good named varieties but not labeled. One-half collection \$1.50 postpaid. All will be labeled for 25c extra if desired.

### GEM COLLECTION \$3.00

1 1/4 in. Up. Postpaid

1 Golden Dream	1 Giant Nymph
1 Mrs. Prestgard	1 Richard Diener
1 Rose Mist	1 Robert Kunderd
1 Tycko Zang	1 Orange Queen
1 Break O' Day	1 Los Angeles

### ASPARAGUS ROOTS

The finest Washington rustproof strain. Two year old roots. 1 doz. 45c, 50 for \$1.25, 100 for \$2.00, postpaid.

### DELICIOUS SQUASH

The finest flavored, driest and quickest cooking fall and winter squash. Careful personal selection for 20 years has given me a medium sized squash of wonderful quality. Extra selected private stock seeds from squashes used on my own table. Package of 50 seeds (enough for the average family), 25c postpaid. Not selected, 25c oz.

### BLEEDING HEART

This fine well known flower will greet you every May with long graceful racemes of heart shaped, bright pink flowers. Spring planted roots will bloom in a few weeks. It does well anywhere, even in shady places. Roots 75c each, 3 for \$2.00. Postpaid.

### PEONIES AND IRIS

We grow 70 varieties of the best standard and new peonies, and 40 varieties of iris. We will be pleased to send a free catalog to anyone interested.

### DELPHINIUM PLANTS

Wrexham strain hybrids. Seedling plants from seed sown last August. 50c doz. postpaid.

### AMERICAN GLADIOLUS SOCIETY

The American Gladiolus Society is an organization, publishing a monthly magazine devoted entirely to Gladiolus. Membership is \$2.00 per year, including the magazine. All growers should join.

### THE FLOWER GROWER

The Flower Grower, Calcium, N. Y., is the best all round flower magazine in America. Subscription price \$2.00 per year.

### INFORMATION.

The American Gladiolus Society classifies bulbs as to size as follows: No. 1 1 1/2 in. or more in diameter, No. 2 1 1/4 to 1 1/2 in., No. 3 1 to 1 1/4 in., No. 4 3/4 to 1 in., No. 5 1/2 to 3/4 in., No. 6 1/2 in. and under.

The two largest sizes will all throw good large spikes of bloom. L (large) in this price list means a bulb 1 1/4 in. or more in diameter that will give a large bloom. (M. (medium) means a bulb 3/4 to 1 1/4 in. and will bloom well but no so large. S. (small) means a 3/8 to 3/4 in. bulb which will usually bloom well, but later, and will make a nice bulb for next year's blooming.

Never plant Glads in the shade. They need full sunlight. With every order we inclose a sheet of printed instructions, telling how to plant, care for, harvest, and store the bulbs.

Names in brackets indicate the originator. (K) Kunderd; (D) Diener; (A) Austin; (F) Fischer; (Dec) Decorah Gardens.

It will be more convenient in filling orders if you will use the order blank which we enclose. We ship postpaid any time after March 1 and guarantee save delivery. All varieties quoted by the dozen will be sold in half dozens if desired at the dozen price. 25 at the 100 price, 250 at the 1000 price. Remember we pay transportation charges on all orders amounting to \$1.00 or more.

We never substitute except by your permission, only that in the same variety we may give a different size if out of the size ordered unless you request us not to do so.

We guarantee all stock true to name. If a mistake occurs we will gladly correct it by giving you two for one, or we will refund your money.

### DISCOUNTS

Orders for less than \$2.00 are net; no discount. On orders from \$2.00 to \$5.00 we will give 5 per cent extra bulbs, your selection. On orders from \$5.00 to \$10.00 we will give 10 per cent extra bulbs. On orders of \$10.00 or more we will give 15 per cent extra bulbs. This discount does not apply to bulbs at the 1000 rate nor to collections or other items than gladiolus bulbs.

### EXTRAS

In addition to the liberal discounts we offer in added bulbs we always slip in some extras besides, of course depending on the size of the order and usually these extras are different kinds than you have ordered and often are even the finer or newer kinds than ordered. We like to pleasantly surprise you and we know we have succeeded from the complimentary letters we often get. An extract from one letter says: "I must tell you all the bulbs bloomed wonderfully and all were true to name. I don't see how you can do it for the money." Another customer wrote us that we gave him so much for his money that in appreciation he was going to send us an order for peonies and iris in the fall. Well, he did, and we showed him our appreciation by filling his fall order liberally, and so we were both well pleased.

### AN INVITATION

Located as we are on the paved Jefferson Highway (No. 1) we sell thousands of cut flowers to passersby as well as locally, and also ship many cut blooms, both wholesale and retail. These consist of tulips, iris, peonies, delphiniums, various other annuals and perennials and gladiolus. Whenever we have sufficient to do so, we slip in extras with every order, and I know we enjoy it as much as the customer does. Also pansy plants in bloom.

The youngest member of our family, Miss Dorene (age 15) is usually flower girl in the summer time, and although in high school can't seem to count any better than the rest of us and some customers say she can't count as well, so you will get liberal treatment always. She says she will get even with daddy for telling this about her by driving the Buick all alone this year. Anyway, come and see the glads and other flowers whether you buy or not.

### CUT FLOWERS BY MAIL

When plentiful we sell all cut flowers here at 50c a dozen. We cut in bud and pack for shipment at 75c a dozen, and we ship postpaid at \$1.00 a dozen up to 500 miles. If distance is short we add more flowers to equalize the less parcel post rate. In other words, you always get your money's worth. Peonies and gladiolus ship well and open up finely on arrival when placed in water.
